Lower Body

Steps:

- This exercise can be done with feet on a wall or on a chair / stack of mats
- Lay on your back and place elevated feet on the wall.
- Pull your belly button in, roll your hips off the floor and press your hips toward the sky
- Squeeze glutes at the top
- Slowly drop your glutes back down to the floor.
- This is one rep.

Repetitions and Modifications:

Repeat 12 – 15 times

[+] Lift toes off the wall and press heels into the wall.

[+] Do the exercise one leg at a time

[-] Keep feet on floor
